21-0225-00	7.5" x 15" x 16.5"	N/A
21-0150-00	17.75" x 6.5" x 17.5"	5" h to 6.5" h
21-0125-00	17.75" x 5" x 17.5"	3.5" h x 5" h

This new patented Full Metal Jacket Series is a "Universal" enclosure for virtually all Desktop and Tower PCs. It is based upon the rugged "unibody" concept, welded into a single solid unit. It's a heavy duty "steel cage" with no assembly required. It is effective security that may be desktop mounted, or optionally side mounted, floor mounted or suspended from the underside of a work surface. We simplified. You just slip the desktop or tower in and connect.

The front double Locking/ Blocking Bar prevents removal, while a security bar guards the rear. The Universal Full Metal Jacket is reusable, removable and interchangeable with most PCs. It is also easily installed by the end-user. Available keyed-alike or keyed different.

## CPU Lockers

*Full Locker Type Enclosure*

ITEM NUMBER	OUTSIDE DIMENSIONS W x H x D	FITS COMPUTERS WITH DIMENSIONS OF W x H x D	PRICE
CPU1	8" x 16" x 18"	5" x 14" x 13.5"	\$229.00
CPU2	12" x 22" x 24"	9" x 20" x 19.5"	\$229.00

- Available keyed-alike or Master-keyed
- Available in putty, light grey, or black
- Door can be hinged on left or right
- Lead time: 2-4 weeks

- Slide out tray allows for easy access of CPU
- Has cable grommets in the back for wire/cable management
- Ships fully assembled, mounting template included
- All steel construction with durable powder coat paint finish
- Doors can be hinged either right- or left-handed
- Mounts easily to most work surfaces
- Protects your hardware from abuse and tampering

# Lockdown Plates

Cavalier Lockdown Plates are ideal for protecting equipment in higher risk areas. They can be used on any equipment, from computers, to printers, to copy machines, to telephones!

To determine which size plate will best fulfill your needs, measure the footprint of the CPU (width x depth) and choose the closest plate size. Choosing a plate that is a few inches smaller than the computer is less obtrusive as it is slightly "hidden" under the computer.

The Cavalier Security System consists of two steel plates. The base (bottom) plate contains the lock and is normally bolted to a table or desk using the mounting holes provided. The insert (top) plate contains a hole pattern allowing easy attachment of the equipment to be security with the neoprene adapters included. A high security, tamper proof, pick-resistant gem lock is included with each lockdown plate.

ITEM NUMBER	PLATE SIZE	PRICE
CAV10	6" x 8.5"	\$79.00
CAV20	9.5" x 11"	\$88.00

## Mac Mini Lockdown Plate

Right out of the box the new Mac mini Security System is easy to install. And, one of its many attractive features is it costs much less than any previous Mac Lockdown System, plus it works equally well securing many Apple Flat Screen monitors! Compatible white color. Plates come standard keyed-alike.

ITEM NUMBER	DESCRIPTION	PRICE
CAV10	6" x 8.5" Mac Mini Lockdown Plate	\$79.00
