PCT-APE Installation Instruction

This module is set up for the next 8 zones (up to zone 32) you are securing (to change, see installation instructions for PC5108 to change jumpers).

Make sure the panel is disarmed. Mount the can near your alarm panel and plug the cord into the "EXP" port of the panel.

1. Press *8 1701(program light flashes) 902
2. Wait one minute
3. Make sure program light is still flashing and press 903##

If you have any problems during the installation of your Expander Module, please contact our Technical Support Staff at 800-466-7636.
