CSP-4020 Installation Instructions

Fig. 1

STEP 1 - Open the package and make sure that you have all the parts identified in the picture on the left (locking bracket, cable, and keys). (Fig. 1)

STEP 2 - Loop the cable around an immovable object (i.e. table leg).

Fig. 2

STEP 3a - If securing your laptop in the closed position, angle the locking bracket to fit opposite corners of the laptop. (Fig. 2)

Fig. 3

STEP 3b - If securing your laptop in the open position, line up the grooves of the locking bracket with both sides of the laptop screen and slide into place. (Fig. 3)

STEP 4 - Turn the key to lock and secure your laptop. Keep keys in a safe place away from your computer. (Fig. 4)

Fig. 4

Optional Installation: The locking bracket has screw holes on either side that can be used to attach the unit to a frequently used desk or other immovable object (make sure to only screw down one side of the bracket). When using this method, the cable is not necessary.
