## CSP-4030/4031 Installation Instructions

Fig. 1

**STEP 1** - Open the package and make sure that you have all the parts identified in the picture on the left (locating bar, locking sleeve, cable, and keys). (Fig. 1)

Fig. 2

**STEP 2** - Loop the cable around an immovable object (i.e. table leg) and onto the locating bar.

**STEP 3a** - If securing your laptop in the closed position, angle the locating bar and the locking sleeve to fit opposite corners of the laptop. Slide the locating bar into the locking sleeve. (Fig. 2)

Fig. 3

**STEP 3b** - If securing your laptop in the open position, line up the grooves of both the locating bar and the locking sleeve with the laptop screen. Slide the locating bar into the locking sleeve. (Fig. 3)

Fig. 4

**STEP 4** - Turn the key to lock and secure your laptop. Keep keys in a safe place away from your computer. (Fig. 4)
